Additional Notes

- N/A

Updates and Discussion

1. **Crystal: Publicity Updates**
 - a. Speaker events to attend and host in the future
 - b. Contacting service clubs
 - c. Secured one school in Canada, working on getting a second one
 - d. Last batch of Peachjar with remaining credits
 - e. Start Facebook and Instagram
2. **Kenneth: Curriculum Updates**
 - a. Curriculum revisions for Scratch, Python, and Tinkercad
 - b. 7 curricula for spring semester: Code.org, Scratch (2), Python, Tinkercad, Lego Explorers, Snap Circuits
 - c. New physical curriculum for 3-5 graders using VEX Go kits
 - d. Onshape as a new CAD platform
3. **Ben: Recruitment Updates**
 - a. TFA tests are done and have been double checked, working on a triple check
 - b. Opened publicity and MFA regional ambassador position
4. **William: Financial Updates**
 - a. Corporate emailing; no immediate results
 - b. Will be doing more surveys
 - c. \$100 classes, but snap circuits will be \$130
5. **Danielle: Secretary Related Updates**
 - a. Confirmed board meetings are going to be the first and third Sunday of each month at 5 p.m. PST, with exceptions
6. **Aarushi: Mentoring for All Updates**
 - a. MFA website is live! mentoringforall.org
7. **Amari: Tutoring for All Updates**
 - a. Using the scheduler -- checking for bugs
 - b. Going to gradually move past students to the new scheduler
8. **Victoria: Crafts for Charity Updates**
 - a. Working for more developed training system
 - b. Working on general company plans
 - c. Fiscal sponsorship agreement
9. **Max and Garrett: General Organization Updates**
 - a. Article published with The Observer
 - b. Will officially announce hackathon 2/22, which will happen 4/10
 - c. Abhijay has been busy with interviews for high school chapter clubs
 - d. Company policy for screening interviews

Spring Classes Plan

- Starting 3/15
- Try different methods of publicity
- School partnerships are staggered

Discuss Science for All Idea (from Sriesakthi)

- Engaging curriculum had been used for high school students
- Will be an addition to classes at schools but will be more in depth, maybe with a kit
- Go into more interesting topics instead of just having a lecture class
- Maybe have one person write a curriculum for what they're passionate about
- Discussion tabled

Sanjay: Potential RFA Robotics Competition

- Model after VEX, except they are too expensive because they are for-profit
- Random qualifying matches then semi finals and finals
- Our competition would not be profit oriented -- smaller game field, more freedom with materials used
- More emphasis on engineering and design process
- 5-6 competitions overall around February through March 2023
- 2 tournament champions, design award, skills challenge top 5
- Discussion tabled

Flight Club Aerospace Partnership

- High school in the Bay Area
- Curriculum based on aerospace featuring design, marketing/outreach, engineering
- Issues: getting parts, too much emphasis on marketing/outreach
- Making revisions on their curriculum

Trademarking our Logo

- William's team is going through the process

Summary of Action Items

N/A

Total time taken: 58 minutes

Maximilian Gotez, President - Robotics for All, Inc.

Garrett Tieng, Vice President - Robotics for All, Inc.

Danielle Trinh, Secretary - Robotics for All, Inc.
